

Change 3 Things

Grade Level

Kindergarten to 5th grade

Purpose

This is a fun game to improve language and vocabulary as well as to improve children's observation skills and attention to detail.

Objectives

1. Increase vocabulary
2. Increase children's attention to detail
3. Community building
4. Fun
5. Increase time that children can sit on the rug

Resources/materials/technology

1. A chair so that children can either sit or stand
2. Tech/Talk with prepared clothing and body parts overlay

Preparation

Make sure that each child has the device that they need.

Activity

Choose a child to sit or stand in front of the class. Let the other children look at them for a few seconds. Tell the children to close their eyes.

Change three things about the child. For example roll up a pant leg, mess up hair or untie a shoe. Tell the children to open their eyes and let them guess what has changed.

Follow-up

The more the children become used to this game the trickier you can get. Eventually the notice even the tiniest changes.
